October Newsletter

...it's all about cool...

*Austin, October 11. There's just nothing better than waking up early and knowing you can roll out of bed, pad barefooted to the front door, open it, and there it is...cool air. Every time. It's still a wonderful surprise. Then walking barefooted down the front sidewalk, in the half-dark, and running smack into a spider web. We are less sanguine about those surprises. *meh* But tonight we are typing on the laptop out in the cantina with one good hand ...turns out, the other hand is hot and puffy and stings like crazy ...we went reaching into a dark outside electrical box to plug in the fun and *really cool* tiny colored lights that make us feel perfectly magical whilst writing...we still feel magical, but only just barely. Different kind of surprise. More like a gotcha. Which also comes with the season, we wryly surmise. But wasps are all trick and no treat. Boo indeed. Hand over the chocolate,*

buckos...we're armed with HotShot!

Last month many of you wrote in to say how much you enjoyed a wonderful link to a story about Meiling's family-if you missed it, [CLICK HERE](#). Meiling **also** wrote in to say that her sons--Sam and Josh have a side business called [Wrong-Side](#) -- an enterprise dealing in pocket squares. If you add a little more material, it turns into a T-shirt. *gasp* ..and that's what they've come up with to "keep the conversation going" about the Lung family and celebrate a little bit of the Lung's Chinese Kitchen contribution to Austin. You can take a look [HERE](#) and order one!
